

LSI - HOUSTON

HOUSTON – International Hub & the Nation’s Fourth Largest City

From its home base in Houston, LSI offers facilities and services designed for customers desiring top quality coverage of national, regional, and local markets or access to the international markets.

LSI-Houston facility is rail-served and situate for quick access to the Port of Houston. With an extensive fleet of company-owned tractors, trailers, and bobtail vans, LSI-Houston provides local Houston and Texas intrastate trucking services to the Houston commercial zone and well beyond. Many of our trucks are refrigerated to meet the special needs of food and candy customers.
